Percentage: 92%

2021

Senior Secondary

CO-Ed Senior Secondary School, New Delhi

Percentage: 92%

2023

Chaudhary Charan Singh University

Bachelor of Technology (Computer Science Engineering)

2023-2027

INTERNSHIP

Web Development | SkyBrisk | 2025 December - 2026 March

- Assisted in developing full-stack web applications using React, Node.js, Express, Springboot, and MySQL, MongoDB
- Implemented filtering content functionality based on certain conditions set by the user, improved error handling throughout the web application, and upgraded CRUD functionality for the website content.
- Designed the frontend elements, tested REST APIs, mapped the routes of the application, and backend systems.

PROJECT

Job Portal Web Application

Built a jobportal using Node.js, Express.js, MongoDB, and React.

Added features for job posting, job filtration, and application submission that helped users to find relevant job opportunities.

Implemented fetch user functionality to help recruiters find users.

Book Store Management System

Developed a bookstore website using the MERN stack.

Developed REST APIs for managing books, inventory, and orders. Implemented search functionality for efficient book discovery features.

Integrated frontend components with backend services and database operations.

SRM Software

Developed supplier and product management modules using React.js and Spring Boot.

Added features for supplier details, product records, and order management. Built REST APIs for data management and system integration.

Integrated MySQL database for storing and retrieving business data.

Added search and filtering features to improve record management efficiency.

Pizza 24 – Online Pizza Ordering Platform

Built an online pizza ordering website using Django, React.js, and MongoDB, with menu browsing, a cart, and checkout.

Developed Django REST APIs for menu items, cart operations, and order management, integrated with MongoDB.

Built the React.js frontend with reusable components for menu listings, cart updates, and order summaries.

TECHNICAL SKILLS

Languages: Python

Frontend: HTML, CSS, JavaScript, EJS, React

Database: MongoDB, Mongoose, MySQL

Core CS: Data Structures & Algorithms (Python)

Backend: Django, Node.js, Express.js, Spring Boot

Tools: GitHub, REST APIs, MVC Architecture, Figma, VS Code

CERTIFICATION & LANGUAGES

Certification: Web Development Internship Certificate - SkyBrisk

Languages: Hindi, English
