PROFESSIONAL SUMMARY

Aspiring full-stack developer and Computer Science Engineering student with hands-on experience building and deploying web applications using MERN and Django, plus project work with React and Spring Boot. Skilled in Python, REST API development, database integration, reusable UI components, and user-focused workflows.

TECHNICAL SKILLS

Languages: Python, JavaScript, HTML, CSS **Frontend:** React, EJS **Backend:** Node.js, Express.js, Django, Spring Boot **Libraries**: Pandas and NumPy

Databases: MongoDB, Mongoose, MySQL **Core:** Data Structures and Algorithms (Python), REST APIs, MVC architecture **Tools:** GitHub, VS Code, Figma

EXPERIENCE

Web Development Intern | SkyBrisk | December 2025 - March 2026

Developed and deployed full-stack applications using MERN and Django, handling API design through production release.
Improved database query performance and error handling, used AI-assisted debugging to solve query problems
Built reusable React components to speed up UI development and keep the codebase consistent.

PROJECTS

Axis AI Assistant | Python

- Built a voice- and gesture-controlled assistant for daily tasks and workflows, including voice authentication and gesture-triggered screenshots.
- Enabled device-to-device file sharing and form completion from saved records, with confirmation required before submission.

Job Portal Web Application | Node.js, Express.js, MongoDB, Django

- Built job filters and application submission for candidates, plus recruiter search to support candidate discovery.
- Developed a Django chatbot to respond to user questions.

BookStore Management System | MERN

- Built a full-stack bookstore application with book search and REST APIs for books, inventory, and orders, connecting React components to the Node/Express backend.
- Implemented features: e.g., add/edit/delete books, stock tracking, order management, user login with MongoDB for data storage.
- Built for a local bookstore to manage inventory and orders

Car Washing Website

- Developed, deployed, and hosted a live full-stack website for a local car wash business
- Built this website, including services and pricing pages, a booking/enquiry form, a contact section, and an admin panel.
- Designed a responsive layout for mobile and desktop

EDUCATION

Bachelor of Technology | **Computer Science Engineering** | Chaudhary Charan Singh University | 2023-2027

Senior Secondary | CO-Ed Senior Secondary School, New Delhi | 2023 | 92%

Class X (Secondary) | DTEA Moti Bagh School, New Delhi | 2021 | 92%

Certifications & Languages

Certification: Web Development Internship Certificate, SkyBrisk (2026)
Languages: Hindi, English
